PUSHING THE BOUNDARIES

Project Cargo Summit online 2021, taking place on September 21-23, is the meeting spot for the project cargo industry. The event combines a high-quality 3 days of conference programme with online one-on-one networking solutions. It is the place for the industry players to meet and exchange knowledge.

Solving complex project cargo challenges requires innovative logistics solutions. Bright minds are needed to push the boundaries.

Project Cargo Summit online tackles the issue of facilitating growth within the segment.

The programme features:

- the opportunities in on- and offshore wind
- first and last mile transportation
- how vessels and equipment are evolving
